¹ Article 102 (3), of Directive (UE) 2018/1972 of the European Parliament and of the Council of 11 December 2018 establishing the European Electronic Communications Code (OJ L 321, 17.12.2018, p.36)

Speeds on the internet service and remedies

Fixed internet	Download speed	
	<i>Download</i>	<i>Upload</i>
	Min: (1)	Min: (1)
	Normally available: (1)	Normally available: (1)
	Max: (1)	Max: (1)

(1) Your fixed internet speed depends on your address, see, see [Speedtest internet connection](#).

In order to enjoy Scarlet internet, you must have access to the VDSL or Fiber network. The maximum download speed depends on the distance between the connection point and the telephone central, on your computer installation and your interior cabling.

Access to the Fiber network is necessary to be able to benefit from the Scarlet Fiber Speed Boost option.

Mobile:

Mobile internet access*	Estimated maximum speed**	
	<i>Download</i>	<i>Upload</i>
2G	200 Kbps	100 Kbps
4G/4G+	220 Mbps	60 Mbps

*Subject to compatible terminal and subscription.

**The “estimated maximum speed” is the maximum speed that users can expect to achieve at different locations in the coverage area under realistic conditions. This maximum value results from measurements on the whole national territory and might vary depending on the selected compatible tariff plan, the device performance and your location during the use of the service.

If the service quality of the Internet service presents a continuous or recurrent discrepancy, the consumer can lodge a complaint via [our contact form](#).
